LABOR UNIONS CAN BE SUED

Commissioner of Labor Doherty Receives a Letter Which Opens His Eyes.

Mr. James B. Doherty, Commissioner of Labor, has received a letter from the secretary of the National Civic Federation, which, by a statement, preliminary to a most important question, opens his eyes and will likely astound many members of the labor unions, as well as others.

The gentleman writing to the labor commissioner asserts that in England the courts have given damages to an employee of labor who has been injured during a strike, though the union sued was not incorporated, and that eminent lawyers of this country held that this was no new principle of law. In fact, there are several suits of the kind now pending, and one or more have been decided, every member of the labor organization being held responsible, just as if the union were incorporated and the members of it were a part of a partnership. This is something new. It is, in effect, that the labor organization of this city and State can be sued now for damages, just as a duly chartered and incorporated business firm can be sued. The secretary of the National Federation follows the foregoing statement with the statement that the Virginia commissioner of labor believes the incorporation of labor unions would make them more liable to be sued than at present, and in what respect.

CANTATA AT VENABLE-ST.

The Grove-Avenue Quartette to Sing the Beautiful "Peace of Jerusalem."

On Friday night of this week the members and congregation of Venable-Street Baptist Church and the residents of the East End will have an opportunity to hear one of the best quartettes of the season. No quartette that has ever been organized in Richmond has done better work than the Grove-Avenue Quartette has been doing this season. They have been singing music which no other quartette of singers has so far attempted here, and the success of their endeavors has been attested by the large audiences that always greet them when they sing.

The concert and cantata is for the benefit of one of the societies of the church. An elaborate programme has been arranged for the first part, in which each voice will be called upon to do its best. The second part of the programme will be the rendition of the beautiful sacred cantata, "The Peace of Jerusalem," the masterpiece of the composer, J. Ellott Townbridge.

The quartette is composed of Miss Doza Mitchell, soprano; Mr. Jasper H. Rowe, alto; Mr. J. William Tribbett, tenor; Mr. O. C. Crump, bass; Professor Manly B. Ramos, organist and director.

Fulton News.

Fulton Bureau, Peoples Drug Store, Nelson's Hall was packed with an attentive audience on Tuesday night to attend the musical given by four young ladies desiring great credit for their program. The program was exceedingly good and won hearty applause. A nice sum was raised for the benefit of the world.

Mr. Captain James Morris, a veteran pilot on James River, has resigned, and will hereafter devote his attention to lecturing. Captain Morris will appear at Donahue's Hall tomorrow night. His subject will be "Ladies, Choose Your Husband."

The "Ladies of Their Hair," Captain Morris created somewhat of a sensation in Norfolk a few days ago when he delivered a lecture along that line. He wears a uniform which resembles the garments of the Salvation Army cadets. Upon his cap a wide gold band, Captain Morris was asked a few days ago why he wore the band. His reply was "this."

Mr. Thomas Atkins, a well-known citizen of Newport News, formerly of this city, died Saturday in Newport News. Mr. Hiram A. Phillips, now of Pennsylvania, has sold his valuable farm, "Lewellyn," in lower Henrico, the farm contains about three hundred acres and is valued at \$50,000, which is considered an excellent price.

The electric light system of Fulton has been crippled for the past ten days. Some nights a dozen or more lights are out. The business streets have been in darkness several nights.

Superintendent George B. James, of Glendale National Cemetery, has been transferred to Fayetteville, Ark., where he will take charge of the cemetery there. His family accompanied him to his distant home.

WOMAN HELD THE LINES

Police Forced to Draw Revolvers on Strikers.

UNION MEN THREW STONES

Traces of the Wagons Driven by Non-Union Men Were Cut and Violence Was the Rule All Through the Entire Day.

(By Associated Press.) KANSAS CITY, MO., March 11.—Violence entered into the strike today of 211 drivers employed by the fourteen transfer companies of the city, who went out this morning for an increase in wages and recognition of their union. Perhaps half a hundred men were employed during the day to take the places of the strikers, though but little work was accomplished by them. During the afternoon strikers and their sympathizers gathered in large numbers at several points and held up wagons driven by non-union men.

At the Burlington freight depot the police were forced to draw their revolvers to disperse a crowd that had cut the traces of teams hitched to two loaded wagons. At another point George B. Evans, an employee of the American Express Company, in attempting to disperse a crowd that was throwing stones at a driver, fired a shot into the crowd. Mr. Evans, a striker, interposed and made a move to draw a knife, when both men were arrested.

Mrs. Evans, wife of the man arrested, struck with a whip the leaders of a crowd that interfered with the course of a wagon on which she was riding. Later Mrs. Evans took charge of a wagon belonging to the Swofford Dry Goods Company, and unaided drove the team through the crowd. Her progress was interrupted. In Mulberry Street, between Ninth and Tenth, during the afternoon, a crowd blocked the thoroughfare and threw stones at the non-union drivers. Much excitement prevailed and the police were kept busy.

WILL NOT RETURN

Former Mayor Ames Doesn't Care to Stand Trial.

(By Associated Press.) MANCHESTER, N. H., March 11.—Not until all legal proceedings are exhausted will former Mayor Albert A. Ames, of Minneapolis, consent to return to that city and stand trial for alleged bribery. His attorneys in this State made a strong effort in the Superior Court today to secure his release on habeas corpus proceedings, and when beaten they appealed to the Supreme Court of New Hampshire. Should that court decide adversely the power of the Supreme Court of the United States will be invoked to set him free, so that he will probably be able to stay in New Hampshire for a year or two at least.

In the meantime he will be at liberty, providing he finds securities to the amount of \$25,000, which sum, however, must be furnished before 2 o'clock on Saturday afternoon next. As Dr. Ames has not yet been behind the bars every effort will be made to secure bail.

MR. POWERS FOR PURE ELECTIONS

Hon. David B. Powers, Jr., of Carolina, is one of the many House members who is earnestly fighting for the Barksdale pure elections bill as it came from the Senate without amendment. In talking of the matter last night Mr. Powers said: "It is an open secret that both parties indulge in bribery and corruption. They despise the evil, yet indulge in the practice of carrying elections by the use of money in buying votes. The people are heartily sick and disgusted with matters as they now stand, and to the stigma and reproach which such political methods are casting on the State it is past time to call a halt. We cannot rectify the past, but with the history of the past before us we cannot fail to read aright the present lesson. The present and the future are peculiarly committed to our care. We should serve well our mission here and justify the expectations of all who so eagerly and expectantly await our action. This is a new era for our State in which we are now living and acting. Our situation, our life is very different from what it has been in the years which have passed."

"The hearts of the people are throbbing for the lifting of the old State to the plane made possible by the new Constitution, and everywhere virtue and intelligence are looking to the present Legislature for wise action."

Prominent Visitors.

Ex-Senator J. N. Stubbs, of Gloucester, and Mr. W. F. Burns, of Russell, are among the prominent Virginians who are in the city. They both came here to look after some private business, and will remain for several days.

Talk on Talk.

Hon. C. Conway Baker, the brilliant young member of the House from Westmoreland, will lecture at Broad-Street Methodist Church at 8:30 o'clock to-night for the benefit of the Ladies Aid Society. The subject upon which Mr. Baker will talk will be "Talk."

Mr. Bagley Here.

Mr. W. H. Bagley, of the Raleigh News and Observer, is in the city, and is stopping at Murphy's.

Charges Against Metropolitan Street Railway Management

REPORTS SAID TO BE FALSE

President Vreeland Says the Charge Are Without Foundation and Are Part of a Bear Attack on Stocks of the Company.

(By Associated Press.) NEW YORK, March 11.—Eugene A. Philbin, former District Attorney of this city, was retained to-day to look into the financial affairs of the Metropolitan Street Railway Company, and examine evidence and reports of accountants, with a view to the advisability of further proceedings. This announcement followed printed reports to-day to the effect that District Attorney Jerome had been making an official inquiry into certain charges concerning the company.

When Mr. Jerome was asked what had been the result of the inquiry, he declined to discuss the matter at present. He also declined to say who had made the charges.

The examination of the company's books, which, it is alleged, furnishes the basis for Jerome's inquiry, was made by John C. Hurtle, former Commissioner of Accounts of this city, and Max Leichman, president of the State Board of Examiners of Public Accounts of Maryland.

The report made by Mr. Hurtle says that none of the company's annual reports to the railroad commission since 1924, in his opinion, have correctly described the company's true financial condition. He further declared that on June 30, 1924, instead of a surplus of \$5,402,465, as reported, the company actually had a deficit.

President Vreeland, of the Metropolitan Company, issued a statement denying the charges, which, he says, were false from beginning to end.

"The figures shown in these reports," said Mr. Vreeland, "were unscrupulously distorted and varied for dishonest purposes, and in the interest of an organized 'bear' raid upon the securities of our company, and of an attempt by certain persons to extort money from us as a consideration for the withdrawal of attacks."

JOHN HENDERSON GETS A FIVE YEAR SENTENCE

When the case against John Henderson, charged with housebreaking, was called in the Hustings Court yesterday morning, the Commonwealth's Attorney sprung a surprise in the nature of an accusation that Henderson once served a term in the penitentiary for a similar offense. The defendant is charged with wholesale overcoat deliveries.

Mr. Richardson stated that once before, in the distant past, Henderson had been arrested and convicted of a similar offense.

Henderson did not have a witness present, and introduced absolutely no testimony, whereupon the jury found him guilty of two offenses and sentenced him to five years in each case.

Mr. Richardson said that the negro has once before been to the penitentiary, and he will institute an effort to have him resented for a term of five years.
